Cancellation

If the originally registered individual is unable to attend the conference, registration may be transferred to one other individual. The name of the substituted delegate can be submitted to the Foundation's Toronto office up to three business days prior to the start of the conference. After that, the substitution will be accepted when the conference registration desk opens at the conference site. If substitution is not an option, written notice of cancellation will be accepted by the Conference Department at the Foundation's Toronto office until 5:00 p.m. EST on Friday, Sept 10, 2010. Individuals who cancel their registration prior to this deadline will receive a refund, less a \$100 administration fee, at the conclusion of the conference. We regret that we cannot issue refunds for notices of cancellation received after this deadline.

Information on this registration form may be disclosed to the preferred suppliers, sponsors, exhibitors, committees, speakers, attendees and others who may be involved with the Foundation. A delegate list is produced as part of the conference materials. By checking this box I do not wish my contact information disclosed or included in the delegate list.
